This learning path covers reading, grammar, and writing skills to prepare and place students into the most appropriate UHCC English or ESL course. You can complete this EdReady diagnostic and study path to earn a placement score (target score is 64 to 100) to register for English courses and college courses requiring English readiness.

UHCC LEARNING PATHS	TARGET SCORE	PLACEMENT INTO
English Path 1: College English	64	ENG 100, 102

## Working on your Goals in EdReady

From your dashboard, click **Go to Goal** to work on that goal. Click on the **Start diagnostic** button to begin building your personalized study path.

You will see a series of questions where you will be tested on your knowledge.

If you need to leave the test before you finish, click the **Save and close** link – you'll be able to finish this test at another time.

After you finish the initial test, you'll see a score show up on the scorebar, inside a purple circle. As you work in EdReady, your score will change to reflect your improved knowledge!

Once available, click the **View Study Path** button to see and work on the material you still need to work on. After you take the initial test, this is what you'll do to keep working in EdReady.

You can **Learn** any topic, allowing you to access online courses directly from EdReady. Once you're ready, **Test** your knowledge to see, letting you test what you have learned and Master material. Your performance on these Tests will update your EdReady score and your current status for the tested material. You are encouraged to work on math and English study paths to a score of 100.

Want more details about your Study Path & working in EdReady? Visit the User Guide at <http://support.edready.org>

**Register for your class.** When you hit the target or milestone scores you will receive an email notification that you are allowed to enroll in the allowable courses. Please allow 24-48 hours for your EdReady score to update in the UH course registration system.
